Description: Plans, conducts, and coordinates software development activities. Designs, develops, documents, tests, and debugs software that contains logical and mathematical solutions to business/mission problems or questions in computer language for solutions by means of data processing equipment. Apply the appropriate standards, processes, procedures, and tools throughout the development life cycle. Apply knowledge of computer hardware and software, subject matter to be programmed in business/mission applications, information processing techniques used, and information gathered from system users to develop software. Corrects program errors, prepares operating instructions, compiles documentation of program development, and analyzes system capabilities to resolve questions of program intent, output requirements, input data acquisition, programming techniques, and controls. Ensures software standards are met.

Candidate should be able to design code and test C# and VB.NET software applications using Visual Studio.NET. Analyze, design and implement mission critical software systems. One or more years of software development

experience with C# and/or VB.NET in a windows and web environment is required. Candidate must have strong verbal and written communication skills and experience with the following technologies:

- SQL programming on SQL Server 2005.
- AJAX
- XML
- XML Web Services
- Windows Forms
- ASP.NET 2.0 / 3.5
- ADO.NET 2.0 / 3.5

Requirements:

The ideal candidate should meet the following:

- Be well groomed and organized.
- Have excellent oral and written communication skills.
- Be proficient in Microsoft Office applications.
- Be able to prioritize and perform a number of tasks concurrently.
- Be extremely thorough and possess good multi-tasking abilities.
- Be able to prioritize their work and stay flexible to meet scheduled deadlines and goals.
- Have a positive, conscientious attitude; a high degree of accuracy and feeling of ownership and pride in their work.
- Must remember that they are a representative of the company and their action will leave a lasting impression that clients and vendors have of our organization.
- Be pleasant and congenial at all times.

Education:

The successful candidate will have Bachelors degree from an accredited college in a related discipline, or equivalent experience/combined education.
